BRIEF ABSTRACT OF LETTER.

Recommend the grant of a site to the Cosmopolitan Club, Mysore, in the Public Offices Park as in his opinion no suitable site is available within the City.

NOTES AND ORDERS.

The application of the Hon. Secretaries of the Club has all along been for the grant of a suitable site for the Club free of cost. In 1908, they selected the site No. 3 to the north of the old filter bed. The Superintendent of Govt. Garden

Serial
No

obably in connection
the removal of certain
trees from Mansarovar 18/1/13

2

having however considered it to be ill-suited for the Club, they were requested to apply to the Chairman of the Trust Bd. for a suitable site either in the new Extension or in cleared areas of the old town. In 1910, they applied for 2 1/4 acres of land to the north of the Law Courts Buildings. That application was rejected on the ground that the land might be required for a public purpose. In 1911, their application for the site No 4 (Vide Sketch W) was not granted on public grounds. Thus, the two sites in the Public Offices Park (marked 3 & 4 on the Sketch W) were applied for by the Hon. Secretaries and their applications were rejected by the Govt. They have now marked two more sites (sites nos. 1 & 2 on the Sketch W) and request that one of them may be granted for the Club. In this connection it is submitted that it is on these very sites that tents are pitched during Dargah to accommodate Dy. Commissioners and other Govt. Officers.

Submitted for orders.

File No. 263 of 1912

**Serial
No**

The site now proposed by the Deputy Commr is most prominently situated. It can be doubtless admirably suited for the purposes of the Cornhill Club provided it can be spared & granted by the Govt. It is now used as a play ground by the school boys, and occasionally utilized for the purpose mentioned in the other No's, so far as it is known here. If it is not required for the purposes of the Govt, or any public purpose of a more general & urgent character than that of a Cornhill Club, the question of granting the present request subject to reasonable conditions may be considered.

Notes of a final interview
with Mr Danham
Re site for the Compton
Club

5

Mr Danham finally agreed to the
site being given to the club
on two conditions viz (1) a
Cross wall may be put up East
to West enclosing his compound
just where iron railings are
now being put up (2) The club
premises should be ^{if need} walled off
on the west from the approaches
to the College and the wall
should be continued on in a
Southern direction to meet the
cross wall referred to in (1) if necessary
Trees may also be planted along the
wall on the west

To begin with Mr Danham
had only two objections viz
(1) That the club would be
too near the College and (2) that
aesthetically the putting up of
a wall would not be an advantage.
As regards (1) it was explained to

from that the club was a sort of a semi-public institution which encouraged among other things sports like tennis and that therefore there could be no serious objection to its being located there. Further it would be sufficiently far from the college which had all its playgrounds the more on the west than towards the East — so any fence it would not be worse than having a proper presidential quarters as on the South West.

He was also ^{informed} told that if need be walls would be put up as above to screen off the view.

Mr Durham admitted that the above ^{credit} would be the force of his objections.

(2) As regards the aesthetic objection Mr Durham was informed that in putting up the walls care would be taken to see that the view was spoiled as little as possible. After viewing

the whole ground from the Veranda of the chaff against Mr Durham changed his opinion and thought that the wall on the west need not go the entire length and that it would be sufficient if it marched with the limits of the club premises. In any case he stipulated for the wall enclosing to enclose his Compound.

Finally it was agreed as in para 1.

At of the three interviews on 26th Feb '13 and 2 on 27th

Notes of a final interview
with Mr Denham re site for the Cosmopolitan Club.

Mr. Denham finally agreed to the site being given to the Club on two conditions, viz , (1) a cross wall may be put up east to west enclosing his compound just where iron railings are now being put up (2) The Club premises should, if necessary, be walled off on the west from the approaches to the College and the wall should be continued on in a Southern direction to meet the cross wall referred to in (1) Trees may also be planted alongside the wall on the west

To begin with, Mr Denham had two objections, viz , (1) That the Club would be too near the College and (2) That aesthetically the putting up of a wall would not be an advantage As regards (1) it was explained to him that the Club was a sort of a semi-public institution which encouraged among other things, sports like Tennis and that therefore there could be no serious objection to its being located there Further it would be sufficiently far from the College which had all its play ground the more on the west than towards the east In any case, it would not be worse than having a pucca residential quarter as on the south-west

He was also informed that if

need be, walls would be put up as above
to screen off the view

Mr Denham admitted that the above
additions would minimize the force of his
objections

(2) As regards the aesthetic objection, Mr Denham was informed that in putting up the walls care would be taken to see that the view was spoiled as little as possible. After viewing the whole ground from the verandah of the College upstairs, Mr Denham changed his opinion and thought that the wall on the west need not go the entire length and that it would be sufficient if it marched with the limits of the Club premises. In any case, he stipulated for a wall to enclose, his compound

Finally it was agreed as in para

Altogether three interviews -
one on 26th Febry 1913 and
on 27th Febry 1913

Submitted to His Highness

The Honorary Secretaries of the Cosmopolitan Club at Mysore have been applying for a site free of cost for the construction of a permanent building for the club and their applications have been rejected in the past for various reasons.

2. The Honorary Secretaries represented in their application dated 20th January 1913 submitted to Government through the Deputy Commissioner, Mysore, that, as the present owner of the rented building in which the club is located intends to occupy the house, it has become imperative for them to construct a building and requested that one of the sites in the Gordon Park shown as Nos. 1, 2, 3 and 4 in the sketch marked W may be granted free of cost for the purpose.

3. Mr. Chandy, Deputy Commissioner of Mysore, in forwarding the application, recommended the grant of one of the sites as the same may not be required for any other public purpose.

4. While at Mysore, I inspected the sites referred to on Sunday, the 23rd February 1913, in company with the Second Councillor and some of the members of the club. These sites did not appear suitable as they lay within the Gordon Park.

5. Another site outside the Gordon Park on which the branch Meteorological Station now stands was then selected for the purpose, but as this adjoined the Maharaja's College grounds, I consulted Mr. Denham's wishes through my Private Secretary. Mr. Denham first agreed to the grant of this site on certain conditions, but laterly

(10)

in his D.O. dated 28th February 1913 strongly objected to the location of the club on it on the ground that there was an inconsistency and incongruity in locating a club within the College compound. He stated that, with the development of the College, every available site within the College compound will have to be utilized and that it would be a matter of unending regret if the site in question were permanently alienated for a purpose other than academic. At the same time, he added that he could not gather any valid reason why the site adjoining the reservoir should not be appropriated for the purpose of the club.

6. Thereupon I desired Mr. Chandy, Deputy Commissioner, to mention these objections to the Honorary Secretaries of the Club and, in consultation with them, suggest another suitable site outside the limits of the Gordon Park.

7. Mr. Chandy reported that there were no suitable

-----	-----	-----	sites outside the
Site to the north of the Kukkarahalli filter bed, or	-----	-----	Gordon Park and re-
the one to the west of it.	-----	-----	commended that the
Site between the Civil Court buildings and the Ursu	-----	-----	previous orders of
Boarding House.	-----	-----	Government may be
-----	-----	-----	reconsidered and any one of the marginally noted sites
			granted to the club.

8. When recently at Mysore, I talked over the matter with the Deputy Commissioner, Mr. A. Subramanya Iyer, and he also suggests, in his D.O. dated 28th April 1913, the grant of the site to the west of the Kukkarahalli filter bed and adds that Mr. Denham continues his objections to the grant of the site in the College compound.

9. I have given the matter my best consideration and am of opinion that site marked No.4 in the accompanying plan flagged "W" to the west of the filter bed, is the only site that could be made available for the club

and that the same may be granted to it free of cost As, however, this site is situated in the vicinity of the Gordon Park, I deem it necessary to seek His Highness' sanction before making the grant In a capital city like Mysore, it is desirable to provide all possible facilities for social improvements and the present opportunity may well be taken advantage of to encourage the leading citizens who have come forward to help themselves in this direction.

10 The measurements and other particulars of the site will be decided in further consultation with the Deputy Commissioner after the proposed grant is formally sanctioned, and the managers of the club will be informed that they should put up a decent building after the plans are approved by Government within a period of one year from date of grant

11 I solicit His Highness' sanction to the recommendations above made

On looking over the plan, it occurs to me that the site of the kitchen as shown on the plan is rather objectionable. It is in an under prominence of being placed side by side of the main building.

I think it is desirable to put it shifted to the site I have marked on the plan in red pencil which will make it much less prominent.

If the above appears of use, this suggestion may be considered & the location there' on the plan. There is really no need to have the kitchen so close to the main building.

Recommend
for u-13
To,

K.Chandy, Esq., B.A.,
Deputy Commissioner,
Mysore District.

Sir,

With reference to the correspondence ending with your D.O. letter dated the 7th March 1913, regarding a site for constructing a permanent building for the Cosmopolitan Club at Mysore, we have the honour to state that the club first applied for a site in the Gordon Park, either to the north of the Kukkarhally filter bed or to the west of it, but the Government were not pleased to grant either of those sites. They were of opinion that for the reasons mentioned in the letter of the Superintendent of Government Gardens (No. 493 dated the 24th February 1909), the site to the north of the Kukkarhally filter bed was ill-suited for the ---- purpose. We are desired by the members of the club to --- request that the Government be moved to kindly reconsider this question as they think that this site is best suited for the purpose and least interferes with the Park. The Superintendent observes that the site is very low. No doubt, it is low compared to the land higher up, but it is not the lowest point in that locality and on sanitary --- grounds, there seems to be no objection whatever to locate the club there. Moreover, it is to be understood that the club will not be used for purposes of residence except --- perhaps occasionally when a mofussil member may happen to

to come. The Superintendent next observes that the site does not afford room for the usual adjuncts of a club and he fears that when it develops in the future, it may --- require more room which it will not be possible to grant. The members of the club well know what their requirements are and they think that the extent of site asked for by them is quite sufficient for their purposes. The club will --- undertake not to press the Government in the future with any inconvenient request for more site. The club will also agree to bind itself by the conditions proposed by the --- Superintendent in the last para of his letter, provided the Government be pleased to reconsider the question and grant this site. It will further promise that the building which it will raise, will be in keeping with the other buildings and will not mar the beauty of the Park.

Should, however, the Government think that it is out of the question to grant a site to the Club anywhere within the limits of the Gordon Park notwithstanding that the club is a quasi-public institution, the only other --- suitable site outside the Park that it can think of, is -- that between the Civil Court Buildings and the Ursula Boarding House. Even this, Government have already declined to -- grant on the ground that it is likely to be required for a public purpose and has therefore to be reserved. The --- Government may be moved to reconsider if this site may be granted.

The Club cannot think of any other suitable site in the new Extension or in the cleared areas of the old town. A club situated at any extreme end of the town and far removed from places of business, is not likely to be attractive nor conducive to prosperity. The eligible sites in the Extensions have all been taken up. In these ----- circumstances, we are to request you to kindly move the

9

the Government to reconsider their decision and grant as any one of the sites referred to above

For ready reference, copies of the following --- communications are enclosed -

1. Copies of letter No.4149 dated the 19th March 1909 from the Deputy Commissioner, Mysore ---- District, to the Honorary Secretary, Cosmopolitan Club, and its enclosure letter No.493 dated the 24th February 1909 from the Superintendent, --- Government Gardens, to the Officiating Secretary to Government, Gen. & Rev. Departments.
- 2 Copy of letter No 4176 dated the 20th April 1910 from the Deputy Commissioner, Mysore ---- District, to the Secretaries, Cosmopolitan Club

We have the honour to be,

Sir,

Your most obedient servants,

H. Nylar Rao.

Ch. S. Srinivasulu Rao.

Honorary Secretaries

Letter No.4149 dated the 19th March 1909 from the ---
Deputy Commissioner, Mysore District, to the Honorary ---
Secretary, Cosmopolitan Club, Mysore

With reference to your letter of the December 1908,
regarding the grant of a building site for the Cosmopolitan
Club at Mysore, I have the honour to state that the Govern-
-ment in their letter No.8990/W1.310-08-4 of the 16th March
1909 have considered that the site in the south-east corner
of the Public Office Compound as ill-suited for the purpose
for reasons given in letter No 492 of the 24th February 1909
of the Superintendent of Government Gardens and that the --
applicant may be requested to apply to the Chairman of the
Mysore City Improvement Trust Board for a suitable site in
the new extension or in cleared areas of the old town Copy
of the Superintendent's letter above quoted is enclosed for
the information. The two plans are herewith returned.

" C O P Y "

H. N. S. Rao

Copy of letter No.493 dated 24th February 1909 from the Superintendent of the Government Gardens in Mysore, to the Officiating Secretary to Government, General and Revenue Departments

I have the honour to herewith return all enclosures to your docket No.7677/310-08-2 of 10th instant

I have inspected the site and am of opinion that, so far as the making over to the applicant of the plot in question for the erection of the particular building is concerned, there is no objection to the proposal. I doubt however whether the site is a --- suitable one

In the first place and for sanitary reasons it is very low. This, however, is rather for the Club authorities to consider

In the second place, it does not afford room for the --- usual ~~and~~ adjuncts of a club.

Taking it for granted that by resident members are meant members residing at Mysore, but not residing at the club, there will still be now or in the future, some out buildings required - their location and appearance will cause some difficulty - the site being surrounded on three sides by public roads

The adjoining park roads do not admit of parking carriages and the entrance to the club compound will have to be made from the Viceroy Road and unless level space sufficient for a carriage waiting place can be made in-side the club compound, carriages will accumulate on the public road

Then there are the requirements for play ground, room for tents for special occasions for which it will not be possible to give further ground afterwards in the garden area

I do not, of course, know the constitution of the club, but think that its possible development and future requirements should be considered as it would not be fair to either Government or the club to tacitly allow this to be treated as the third end of the wedge

In consideration of its prominence and its relative position to the Garden Park, the site should in my opinion only be granted on the following conditions -

1. That the boundary be fixed as marked A to E

12 ✓

2. That a continuous permanent fence be put on this boundary
- 3 That no kutcha and unsightly structures be erected on the site.

13

Letter No.4176 dated the 29th April 1910 from the
Deputy Commissioner, Mysore District, to the Secretaries
of the Cosmopolitan Club, Mysore.

With reference to your application praying for the
grant of the site to the north of the Law Courts for the
construction of a permanent building for the Cosmopolitan
Club, Mysore, I have the honour to state that on a reference
being made in the matter to Government, they have ordered
in their Proceedings No.9490/WL.42-09-2 dated the 22nd April
1910 that as the land referred to is likely to be required
for a public purpose, it will have to be reserved.

OFFICE OF THE DY COMMISSIONER,
MYSORE DISTRICT

DATED, MYSORE, 5th April 1913

My dear Sir,

With reference to your D.O. letter No. 513 dated 1st March 1913 re the selection of a suitable site outside the limits of the Gordon Park, for the Cosmopolitan Club at Mysore, I beg to enclose herein in original letter dated the 4th instant with its enclosures received from the Honorary Secretaries of the Club. As stated by them, there are no suitable sites outside the Gordon Park for the location of the Club and I beg to recommend that, the previous orders of Government may kindly be reconsidered and any one of the two marginally* noted sites granted to the Club.

Yours sincerely

H. M. Mandy

* 1. The site to the north of the

Kukkarhally filter bed or the
one to the west of it.

2. The site between the Civil Court
Buildings and the Ursu Boarding
House.

Dated, Mysore, 3rd February 1913.

From

K. Chandy, Esquire, B.A.,
Deputy Commissioner
Mysore District

ml 263-12/811

To

K R Srinivasalingar, Esquire, M.A.,
Secretary to the Government of Mysore
General and Revenue Departments

Sir,

I have the honour to forward herewith an application dated 20th January 1913, received from Messrs. M C. Ranga Iyengar and D. Venkataramiya, Honorary Secretaries to the Cosmopolitan Club, Mysore, praying for the grant of a site in the Public Offices Park, (as shown in the accompanying sketch) for the construction of a permanent building for the said Club. The Secretaries urge their inability to find out another building-site quite suited for an institution of the kind outside the City-bustle, whereto the lawyers, Officers, Merchants and prominent Citizens of the city resort every evening for recreation after the day's hard work. I am also of opinion that no suitable site is - available within the City

Mr M Kantharaja Urs when he was the Deputy Commissioner of this District had strongly recommended to Government in his letter No 580 dated 13th April 1911 (copy of which is herein enclosed for ready reference) for the grant of a building site, but the Government in their order No 10826/M1 329-10-2 dated 30th June 1911 were not pleased to view the recommendation with favour.

The Club has been urging this question for the last 2 or years without any success. The site now selected may not

2
263
ml 263-12/811

not be required for any other public purpose and is hidden from the public Offices and consequently may be given to the Club which is prepared to invest a decent sum in constructing a building which will be a ~~useful~~ [✓] addition to the Park.

In these circumstances I request that the Government may be pleased to sanction the grant of the site at an early date

I have the honor to be,

Sir,

Your most obedient servant,

Encl 263-17421

Letter No 580 dated 13th April 1911 from the Deputy -----
Commissioner, Mysore District, to the Secretary to the Govern- 3
ment of Mysore, General and Revenue Departments

Sir,

I have the honor to forward herewith an application -----
received from Messrs M C Ranga Iyengar and D Venkataramiah,
honorary secretaries to the Cosmopolitan Club, Mysore, praying
for the grant of a site near the old filter bed (as shown in
the accompanying sketch) for the construction of a permanent
building for the Cosmopolitan Club. The Secretaries had selected
on previous occasions 2 sites and recommendations were made
from this office but the Government in the communications noted
in the margin were pleased to say that those sites could not
be granted. The Club has for the 3rd time selected the ----
present site and there seems to be no objection to the grant
of this plot of ground to the Club. There are many vacant
sites within the town but they are quite unsuited for the ----
purposes of club, to which the officials, the lawyers and the
public resort towards evenings after their days hard work to get
recreation. This is a useful institution which is very badly
in need of a building of its own and the Club is proposed to
spend something like 9 or 10 thousand Rupees for the -----
construction of a decent building "

571*

K.R. Srinivasa Iyengar, Esq., M.A ,

Offg. Secretary to the Government of Mysore,

in the General and Revenue Departments,

B A N G A L O R E

Sir,

The members of the Cosmopolitan Club, Mysore, request you to be so kind as to place the following facts before the Government of Mysore for early and favourable consideration

The Club was started in 1896 in response to the desire expressed by the leading gentlemen of Mysore to have an -- institution of this kind In its very inception it had the --- distinguished patronage of (the ^{then} ~~late~~ Regent) Her Highness the Maharani Vanivilas Sannidhan C I Sirdar Kantaraj Urs, Esq , has all along been evincing a keen interest in the progress of this institution and is now its honoured President

We began with 52 members and at present the -- number is 70 including public officers, lawyers, merchants and other prominent citizens of Mysore

We may be permitted to bring to the notice of the Government that the Club has been self-supporting, its average -- income per month being Rs 140/- and expenditure Rs 125/-

The experience of the last seventeen years enable us to state that an institution of this nature is felt as a necessity and its permanence is assured

5

Ever since its establishment the Club has been located in the late Mr. Raghavendra Rao's house which is situated in the most prominent and central part of the City, paying a monthly rent of Rs 45/- We now learn that this building will shortly be acquired by Government to meet the demand for increased accommodation to the students of the hostel attached to the Maharaja's College. Even otherwise the present land-lord intends occupying the house so that before long the Club will be left without a habitation. It has thus become imperative that the institution should have a building of its own in a suitable locality. The members are willing, as far as in them lies, to raise by means of debentures, a fund for the construction of the building.

By reason of the improvement operations already effected by the Trust Board in the City, convenient sites in suitable localities are not available and we are therefore constrained to approach the Government with the request that one of the sites in the Garden Park, particularised in the accompanying ground plans may be kindly granted free of cost.

The club-building when erected will not, we believe, in any way mar the beauty of the Public Offices and we guarantee that the building will be used for the purposes of the Club only and not as family residence.

We trust that the Government will be so generous as to grant our prayer.

We beg to remain,

Sir,

Your most obedient servants,

M. R. Raghavendra Rao

Dear Sir,

I return herewith the plan received with your D.O.No.9402/ML 263-12 of the 27th instant marking thereon the length and breadth of the site referred to. The site is not rectangular. Allowance has been made for the road reserve both on the north and south. The lengths noted on the plan are 310 feet from north to south on the west, 425 feet from east to west on the south, 465 feet from east to west at the centre and 323 feet from east to west at the north. The site slopes from west to east. If you specify the other particulars that you refer to information about them will be furnished.

To

K.R.Sreenivasa Iyengar Esquire., M.A ,
Secretary to the Government of Mysore,
General and Revenue Departments

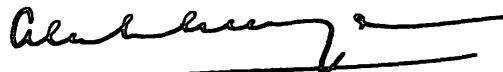

Sir,

With reference to Government Proceedings No.5407-11/Ml.263-12-13 dated 13th November 1913 approving the site plan showing the correct dimensions of the area allotted for the new building of the Cosmo-politan Club, Mysore, I have the honour to state that the plan has not been received in this office though mentioned as "Will follow" in the Proceedings under reference and to request that the same may be caused to be sent to this office at a very early date

I have the honour to be,

Sir,

Your most obedient Servant,

Deputy Commissioner
Mysore District

Re Cosmopolitan Club, Mysore.
